SIR,

Subject —

I have the honour to state that for a long time, the question of the construction of a building for locating the Municipal High School at Dodballapur is under consideration of the Dodballapur High School Committee, as the School is being held in a rented building at present. A plan of the building was originally prepared by the Department of Public Instruction, at an estimated cost of Rs 18,000/- which provides for eleven rooms. As the finances of the Dodballapur Municipality are such that it is not possible to spend such a large sum on the building, it was proposed to undertake the construction in two stages, only the two sidewings consisting of six rooms being taken up for the present. The Executive Engineer, Bangalore Division who was requested to prepare plan andestimate for the portion of the building proposed to be taken up immediately has sent the same which are herein enclosed in original together with his explanatory letter thereon. The estimate as revised costs Rs 10,000/-. This was considered at a meeting of the Managing Committee of the High School and they have approved of the same, The cost of the estimate is proposed to be met as follows.-

1. The amount held in S.B. account No. 988 including the interest accruing for the year 1931-32. Rs 5,000/-
2. The grant promised by the District Board, Bangalore, in aid of the proposed building. Rs 2,000/-
3. Donations promised by philonthrophic gentlemen in aid of the building. Rs 6,500/-

the gentlemen who have promised donations will pay [illegible] the construction is completed.

2. The building is proposed to be constructed in s. no. 111 of Gamalharapura village, Kasba Hobli, Nodballapur taluk, opposite to the taluk office at Nodballapur consisting 3 acres 20 guntas in extent. Separate action is being taken for acquiring the survey number to the municipality, for the purpose of constructing the said High School building. The cost of acquisition of the site and the estimated cost of the construction of the building will be met out of the sum of Rs. 15,000 as explained above.

3. I request you to be so good as to obtain approval of Government for the estimate and plan at an early date. An extract of the resolution passed by the Committee of Management for the Municipal High School, Nodballapur in the matter is herein enclosed for reference.

I have the honour to be,

Sir,

Estimate for a Municipal High School Building at Dodda-ballapur.

With reference to your No.L.7090/Ml.209-31-2 dated 16/18th April 1932, I have the honour to return the above after scrutiny with the following observations:-

(i) The plan is as per the standard design for a Middle School, but, the width of verandahs is only 5½ feet as against 8' as per the type design. The width therefore has been increased to 8' and the walls suitably raised. A fresh cross section is adduced, showing the change.

In spite of the extra cost involved on account of the above mentioned changes, the estimated cost for the building is reduced to Rs.9,800 which is due to an arithmetical error in item 9 of the abstract estimate.

(ii) The accommodation for classes appears to consist of only 3 class rooms. Whether this is enough for all the high school classes including the vernacular classes for which there is no office room nor one for the Head Master and the teachers is not clear. The size of each room again is only 20'x15' which would hard accommodate more than 25 students in each class. The estimate is otherwise in order.

SIR,

Subject — Re. the construction of the Municipal High School building at Dodballapur.

I/17/10

I have the honour to state that subsequent to the G.O. No. L. 7740-2/Ml. 209-31-4 dated the 25th May 1932, sanctioning the plan and the revised estimate for Rs 9,800/- for the construction of the building in question, the Private Secretary to the Dewan of Mysore, has sent another plan for the construction of one of the blocks of the proposed building, prepared by the Government Architect, which is estimated to cost Rs 4,890/-. This plan and estimate have been approved by the Dewan. It is seen from the plan that three such blocks have to be constructed. This plan and estimate were put up before the High School Committee who have resolved at their meeting held on 10-9-1932 at Dodballapur, to take up the construction of only two blocks at the first instance. The total cost for the construction of these two blocks viz., Rs 9,780/- being met out of the funds available as noted in the margin. The construction of these two blocks will be started only after the whole promised amount as noted in the margin is made available, as laid down in G.O. No. L. 7740-2/Ml. 209-31-4 dated the 25th May 1932.

1. The amount held in S.B.Account	Rs 5,000/-

SIR,

Subject — With reference to your letter No 486/M1 209-31-6 dated the 16th July 1932 and to your subsequent reminder of the 2/7th November 1932 in the matter of the construction of the Municipal High School building at Dodballapur and enquiring whether the work has to be carried out through the agency of the Public Works Department or the Municipality, I have the honour to state that the President, Dodballapur Municipality states in his report No. 332/32-33 dated the 29th November 1932 that the Municipality is not in a position to undertake this work, that the same might be got done through the agency of the Public Works Department and that some of the Municipal Councillors are also of the same opinion I agree with the President In these circumstances I request you to be so good as to obtain the formal sanction of Government for the plan and estimate for Rs 9,780/- submitted to Government with this Office No C C 149/31-32 dated the 13th October 1932.

I have the honour to be
Sir,
